

Travel Leaders Corporate is excited to announce the introduction of our Connect Plus mobile app! We are retiring our Connect SMS text platform and combining our flight alert process and traveler chat feature into our mobile app, Connect Plus.

The Connect Plus mobile app has evolved as your one stop, robust travel ecosystem for all “on the go” travel needs.

Connect Plus features include:

- Flight notifications
- Chat with an agent feature
- Flight delay predictions
- Real time assistance with flight/travel disruptions
- Link to your online booking tool
- Ground transportation options
- City guides, maps, weather, Open Table
- Covid restrictions and information
- And much, much more

Once Connect Plus is launched for your company on **August 26th**, all flight notifications will be within the app. You will no longer receive them via text message.

When you make your first new reservation after **August 26th**, you will receive an email with instructions for downloading the Connect Plus App from the App Store or Google Play Store.

Please note: It is highly recommended to download the app only after August 26th and after you have booked your next trip with Travel Leaders Corporate.

- Access Connect Plus from the App Store or Google Play Store with the link provided via email
- Open the application, and you will be logged in
- If you sign out of the app or need login credentials, you will find them at the bottom of the invitation email
- You will see the itinerary for your upcoming trip in Connect Plus
- Flight disruption notifications will be displayed via the bell icon (shown above)
- To chat with an agent for questions about your travel plans, or app support, go to the Contact Icon
